LAWYERS

RELY ON THE **NATION'S LEADING INSURER** FOR PROFESSIONALS

Clients select a law firm based upon its legal expertise and the ability to serve the client's individual legal needs. Similarly, law firms select CNA as a professional liability insurance carrier based upon CNA's experience and insurance products tailored specifically to lawyers.

With more than 50 years of experience in providing lawyers' professional liability insurance, CNA offers a broad range of insurance products and solutions through its underwriting, claim and risk control teams. These specialties work together to develop customized policies, dedicated claim services, and proactive risk control resources, to address the evolving exposures in a law firm.

A Dedicated Risk Control Team

CNA understands that law firms face unique challenges. Our risk control team, comprised of full-time experienced attorneys, works exclusively with lawyers and law firms. This dedication enables CNA consultants to identify and help lawyers and law firms manage the pervasive exposures they encounter.

SORCE® On Demand

SORCE On Demand is a convenient 24/7 online resource that may help manage your legal practice exposures. As a CNA policyholder, you have access to a new self-study platform that will help you identify exposures in your legal practice as well as provide relevant risk control techniques that can help you to manage and minimize your professional liability risks. This educational platform is easy-to-use and accessible from any computer, laptop or tablet.

CNA has collaborated with West LegalEdcenter®, a leading provider of online continuing legal education, to provide the course content available on the self-study platform. These courses may qualify for CLE credit.

Risk Control Hotline

CNA's Risk Control Hotline is staffed by CNA attorneys specializing in legal ethics and law practice management. The hotline provides CNA policyholders with a resource for discussing issues and questions that arise in day-to-day practice. Please call 1-866-CNA-0034 (866-262-0034).

Insurance Products and Solutions

Beyond managing the everyday challenges, law firm management seeks to identify and mitigate the pitfalls of their practice. CNA has developed a portfolio of coverage solutions designed to address these issues, including: directors and officers' liability, property & casualty, workers' compensation, cyber liability and other relevant insurance coverages.

CNA Lawyers' Allied Vendor Program

CNA has identified companies offering services that may strengthen your law firm's risk control programs and provide needed services outside of an insurance carrier's capabilities. The companies that participate in our Allied Vendor Program can assist you in developing critical programs and procedures that will help you avoid and manage professional liability exposures in your law practice. As a value-added service for our customers, our Allied Vendors offer their services at preferred rates.
